1899™

HOTEL LINE

WHERE THE ART OF CRAFTSMANSHIP MEETS THE POWER OF EMOTION

Founded in Valencia, Spain, Cereria Mollá 1899 is a family-owned company with over a century of tradition in the artisanal creation of candles. Since 1899, it has passed down a passion for craftsmanship from generation to generation, preserving time-honored techniques that ensure quality, elegance, and authenticity.

Blending tradition and innovation, the brand stands out for its sophisticated fragrances and products that evoke emotions and create unique sensory experiences.

Committed to excellence, Cereria Mollá 1899 handcrafts its candles using vegetable soy wax, cotton wicks, and fragrances with ingredients of natural origin. This sustainable choice reflects the brand's respect for the environment, resulting in ecological, totally vegan, biodegradable candles with clean, long-lasting combustion and an intense aroma.

The refined design, in black and cream tones, reinforces the brand's distinctive visual identity. Present in over 90 countries, Cereria Mollá 1899 combines aesthetic excellence, sustainability, and social responsibility.

Guided by values such as craftsmanship, tradition, passion, innovation, and quality, the brand preserves its heritage while adapting to the present, celebrating artisanal luxury in every candle — an expression of emotion, care, and timeless beauty.

CARE ABOUT EARTH

Cereria Mollá 1899 hotel range is fully aligned with the Groupe GM Care About Earth® environmental programme – eco-design, vegan formulas and up to 98% natural ingredients.
